

## INSTITUTION SHOWS GENDER SENSITIVITY IN PROVIDING FACILITIES

UNICEF says gender equality means that women and men, and girls and boys, enjoy the same rights, resources, opportunities, and protections. It does not require that girls and boys, or women and men, be the same, or that they be treated exactly alike." Our college provide the following facilities to ensure the gender sensitivity campus. The functioning of the Women's Cell, Anti-Ragging Cell, Grievance Redressal Cell and Anti-Harassment Cell in the college ensure the well-being of our students.

### a. Safety and security

Our college is women's college, and we ensure a round the clock security system works towards safe environment for students. CCTV cameras, security guards, Pink Patrol police, ensures a safe environment for our students.

## **b. Santhwana Counselling Centre**

The Santhwana Counselling Centre provides counselling support to the students of Alphonsa College. The Centre was established in July 2010 to institutionalise the Counselling services being provided in the college. The Centre provides personal counselling services for students once a week (every Thursday) with the help of a trained counsellor, Sr. Jasmine Therese. The counselling support services help to enable students to overcome their emotional, social and mental difficulties, if any.

Prior to the COVID-19 pandemic, approximately 5 to 10% of students could be expected to be identified as needing support and now this percentage is almost higher given the potential emotional fallout of the pandemic. During this covid pandemic days, students are suffering more mental stress and anxiety as they quickly moved to online classes. The pandemic itself has caused much worry, stress, and grief. Class teachers are regularly monitoring students through their response and performance in online classes and identified the students who need extra support especially regarding anxiety and depression. Class teachers could provide
